PIAZZA CHAIR

The Piazza Chair combines classic seating design with modern construction. Modelled off the coffeehouse chair of the 1920s, this design can bring hard-to-find elegance and class to your outdoor area.

Manufactured from a single piece of plastic, the Piazza Chair is lightweight and mobile as well as resisting the wear and tear of outdoor environments. As well as being stackable, there is the added bonus of being able to choose between a wide range of colours to suit the look of your bar, restaurant or café.
