## WEDGE OTTOMAN

The strong and durable Wedge Ottoman was designed to survive the rigours of the hospitality environment. Due to its modular shape, this piece can offer the ability to create a variety of different seating configurations, totally changing the look and feel of your venue.

Made with a strong timber frame and placed upon heavy duty nylon furniture glides, the Wedge Ottoman is light-weight and easily portable. With the addition of being able to be upholstered in any fabric, this piece is perfect for both cafés and restaurants alike.
