- 05
Villa collection -includes stool, chair & armchair

Villa

VILLA CHAIR

The Villa Chair is inspired by the natural cane seating typically found on Parisian terraces. By using a steel rod shell and mesh frame, the Villa achieves the same visual effect while increasing the overall strength and structural rigidity. The Villa Chair is light and portable, making it easy to move and manage. As well as being stackable, it can be powder coated in any colour of your choice.
