

HARROWS

MADE FOR SOCIAL SPACES

Joi Twenty-Four Chair.

The Joi Twenty-Four Chair and its fellow Joi Twenty, have been thoughtfully designed to create the profile of a happy, joyful object without boundaries other than the need to be practical, comfortable and user-friendly. Both these designs are a tribute to one of the greatest masters of the 20th century: Hans J. Wegner, following the guidelines of beauty, simplicity and ergonomics.

The Joi Twenty-Four is a decisive line traced by the imprint of great, proudly modern Nordic design, because real design follows life as opposed to fashion. It combines all of this with advanced construction techniques which results in an aesthetically exciting yet light-weight, durable and robust outdoor chair.

Joi Twenty-Four welcomes diners with its sweeping backrest and fabric seat. Leave them outside or stack them away at the end of the day as they stack up to four pieces.
