MADE FOR SOCIAL SPACES

Dream Chair.

The outdoor version of the Tari folding chair, the Dream Chair helps conserve precious storage and floor space by being able to be folded compact when not in use. This makes arranging last-minute seating effortless, as well as storing away overnight or in bad weather.

The waterproof and UV-resistant material is shaped into a seating solution that is generous in size, yet lightweight and easy to handle, making it a perfect candidate to quickly deploy in your outdoor dining or alfresco terrace.
