Introducing Season

With a range of bench seats, planters and banquettes, Season Outdoor is well equipped to transform alfresco dining. Made from treated Pine, the rich timber can be finished in a range of exciting outdoor stains to compliment your fit-out and boost atmosphere.

Season gives you flexibility and freedom through the ability to create configurations to suit your space. The slatted timber and free-standing design creates a feeling of openness, while the ability to configure can subtly divide your area and create privacy for its users.

Design that
feels open and
connected.
