The Adroit Lounge Collections is manufactured in our own factory in Timaru, to minimise both international and local freight volumes. Manufacturing inhouse also gives us full control and transparency over the quality and origin of all materials.

It also give you design license over the look and feel of your finished product, selecting any fabric, vinyl or leather for upholstery, and personalising all base options in any finish.

HARROWS

Made for life.

Sustainable Design.

When the objects around us are inclined to lose value, Harrows have set out to create beautiful and sustainable products that add value to their environment for years to come. Products with social relevance and timeless design principals, made from quality materials and built to last.

The Adroit combines timeless silhouettes with modern manufacturing and high quality materials to create a collection that will endure.
