CRAFTED FOR CONNECTION

[HARROWS.CO.NZ](https://harrows.co.nz)

**Crafted for
connection.**

Beautiful, tailored furniture for social interaction.

Life is built on the interaction of people. We create thoughtfully crafted furniture that inspires meaningful interaction.

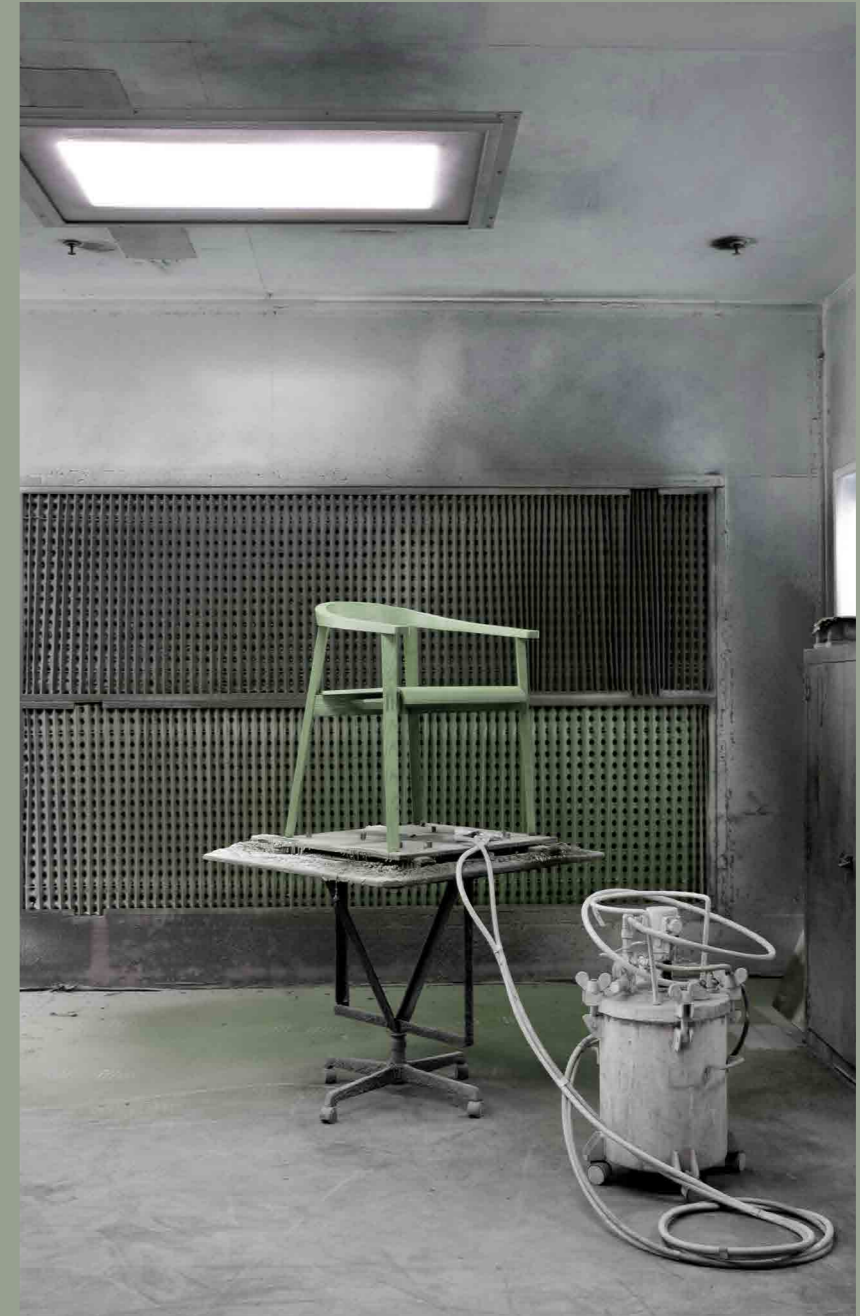

As humans, we naturally crave connection with others. We come together for all sorts of reasons, drawn to places that make us feel good. At Harrows our mission is to provide the tools to create spaces with personality and individuality, spaces that you'll love.

Made Personal. With local design and manufacture you get complete control to re-envision each piece of furniture with a finish that is uniquely yours.

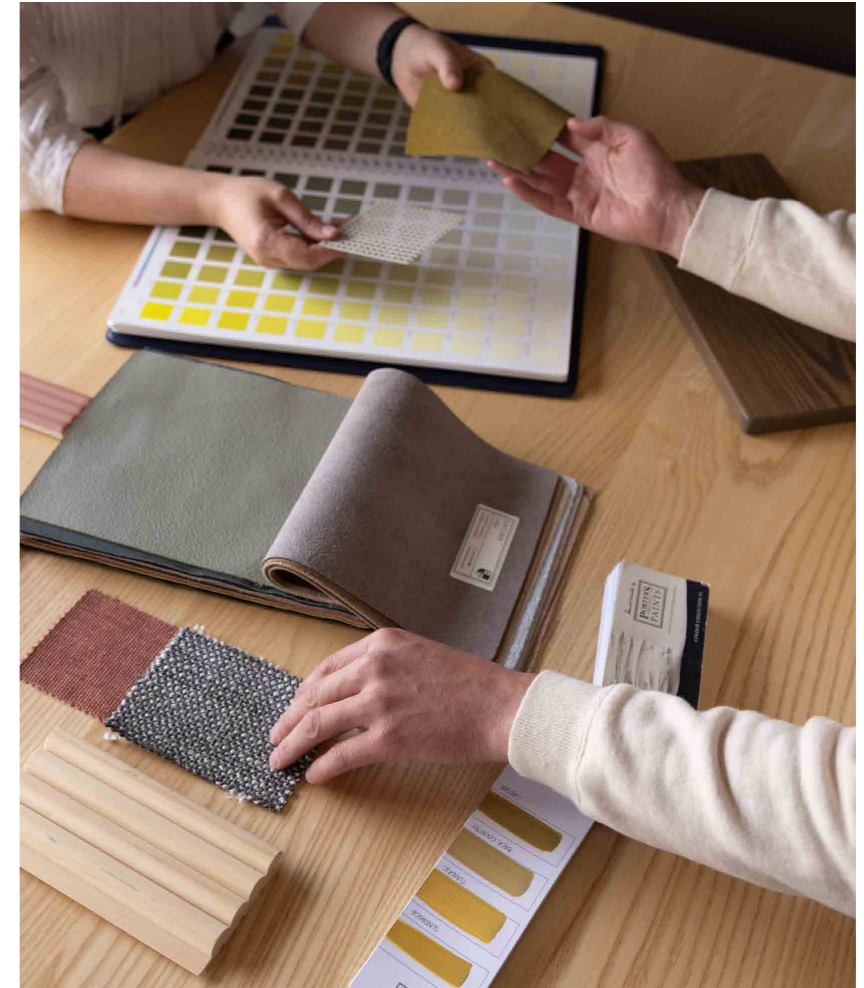

Stain, paint, polish,
powder coat.

If you're not
going to make
it beautiful,
don't bother.

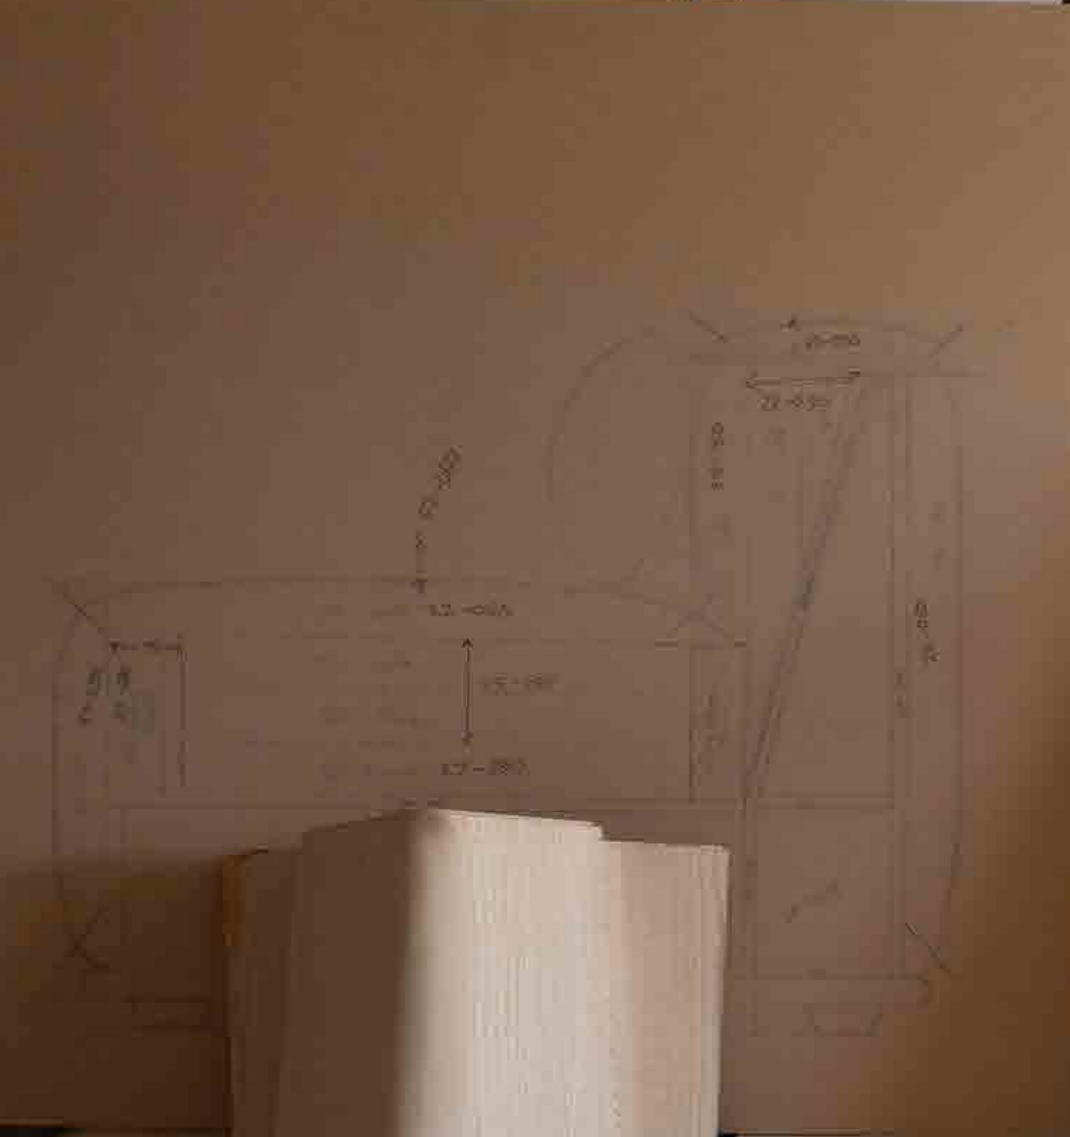

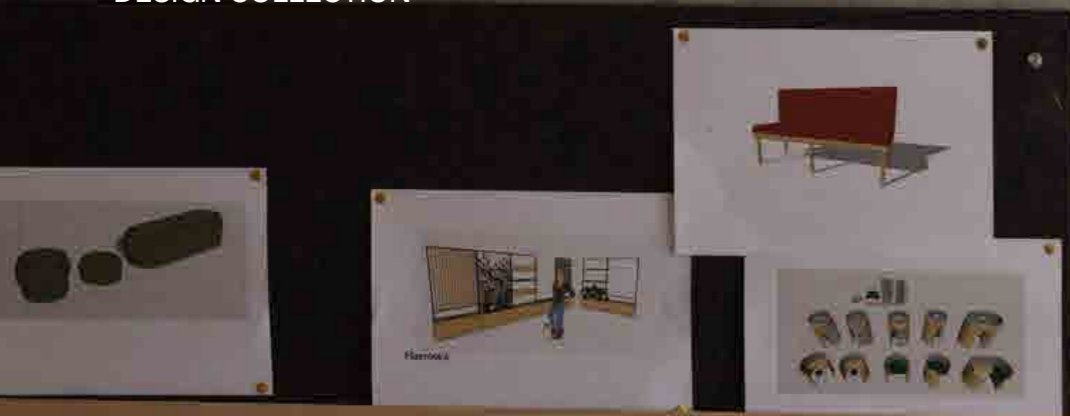

Our design philosophy is simple. It must solve a problem. It must endure. And it must be beautiful.

To make a product enduring is to make it beautiful. Design that solves, captivates and endures.

Building connections is a personal thing. We are real people, backing it up with real skills. Thoughtfully crafted designs made here in NZ by family-owned third generation furniture makers.

Our workshop is a bustling hub of creativity and expertise. In house teams for everything – laminating, machining, engineering, fitting, assembly, powder coating, polishing, painting, and upholstery. It's where the magic happens, where each piece comes to life with skill, craftsmanship and a finish that's uniquely yours.

Collaborate

Spaces for collaboration to build community without hierarchy

Meet

For more formal collaboration, projects and teamwork

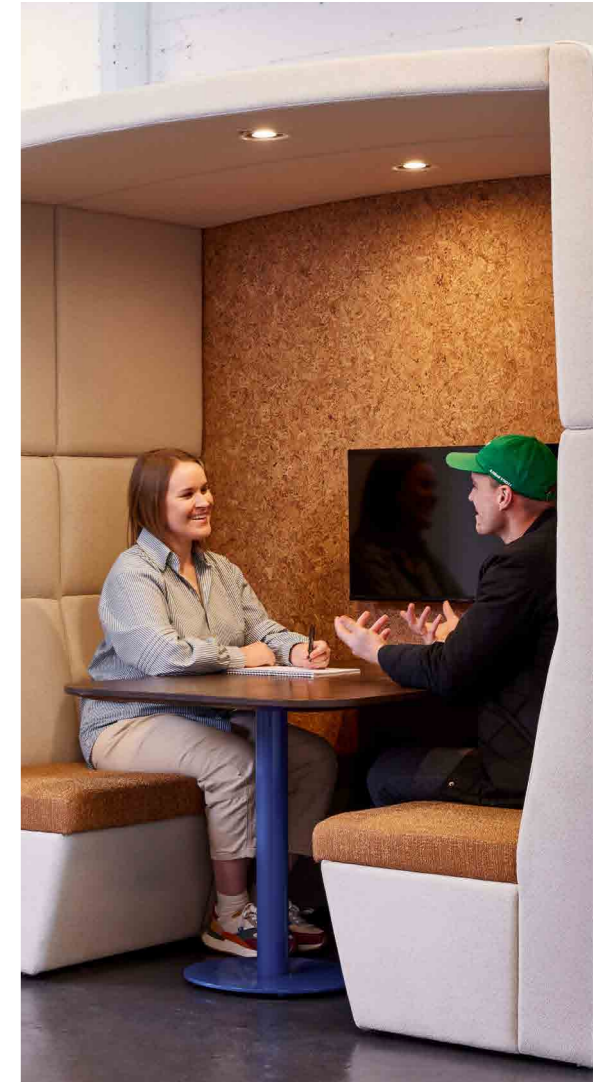

Relax

Welcome spaces for spontaneous connection and informal collaboration

Social

Places to gather connect and build friendships

Retreat

Made for more personal one to one connections and spaces to retreat to without being disconnected

Furniture considered for every connection.

Designed for designers.

We know designers have a lot on their plate, and we like to help where we can. An extensive library of 3D and BIM files are available across our whole collection, free to download.

Made for life.

At Harrows we believe in responsible manufacturing. Latest technology and time-honoured craft go hand in hand to create products that bring people together and are designed with longevity in mind, extending the useful life and in turn reducing waste.

Our commitment to sustainability is ever-evolving, constantly innovating to reduce waste and minimize our impact on the world around us.

Global GreenTagCert™

A range of Harrows' own NZ made designs carry GreenRate™ Level C certification and PlatinumHEALTH™ HealthRATE™ certifications under the Global GreenTag International Product Health Declaration™ (GreenTag PHD™) program.

Responsible Forestry - FSC®

Harrows obtained Forest Stewardship Council® (FSC®) certification in 2015. Harrows is ensuring our timber products are sourced from responsibly managed forests.

Ekos Carbon Conscious

Harrows are proud to have commenced certified carbon footprint measurement in 2021, and have recorded a gross reduction in emissions through conscious initiatives onsite. By understanding the emissions profile of our business operations, we can start to strategically reduce them.

Banquettes

Dine Banquettes

Delivering a finished banquette with the soft fit-out, the Harrows Banquette method transforms dining spaces with tailored banquette seating for dining spaces in hospitality and work environments.

Dine Banquettes

The huge range of customisable elements allow these profiles to be re-imagined for any space. Specify your own upholstery and edge detailing, and kick pieces and ends can also be specified in any material to compliment your fit-out.

Season Outdoor

A breath of fresh air the Season Outdoor Banquette system. With a range of bench seats, planters and banquettes, Season Outdoor is well equipped to transform alfresco dining. Made from treated Pine, the rich timber can be finished in a range of exciting outdoor stains to compliment your fit-out and boost atmosphere.

Season Banquette

Season gives you flexibility and freedom through the ability to create configurations to suit your space. The slatted timber and free-standing design gives a feeling of openness, while the ability to configure can subtly divide your area and create privacy for its users.

Revive

A minimal take on a classic mid-century design. Designed and manufactured in New Zealand from sustainably grown timber using traditional techniques, the Revive chair can be stained in any colour and upholstered in any fabric to personalise your space.

Revive Armchair

The Revive chair features a refined solid Ash frame and invitingly soft upholstery in a timeless look that will be at home in both modern and traditional spaces.

Revive Chair

Dimensions:	890d X 755w
Seat Height:	430
Arm Height:	530
Back height	750

Lure

Bring the warmth and ease of home into the workplace with the Lure Chair. This beautiful lounge chair features a suspended seat, creating the illusion that the seat and back are floating. The strong steel frame wraps around the upholstered shell to create bold outlines and a feeling of welcome.

Lure Armchair

The suspended seat, wrap-around steel frame and waterfall armrests bring a vintage mood to any waiting or lounge space that calls for a little more comfort.

The
Ri
To Ta

Pillar

With a deceptively simple design, this 'off-balanced' coffee table is the perfect addition to the modern breakout space. The Pillar is designed to appear to defy gravity thanks to its weighted column base, and is sure to make a statement with its signature 'Pillar' turned edge profile.

Pillar

The contrasting two-tone finish creates the illusion of the column running through the solid top. Available in a range of different heights and diameters, layer up these contemporary occasional tables in the coffee nooks and corners.

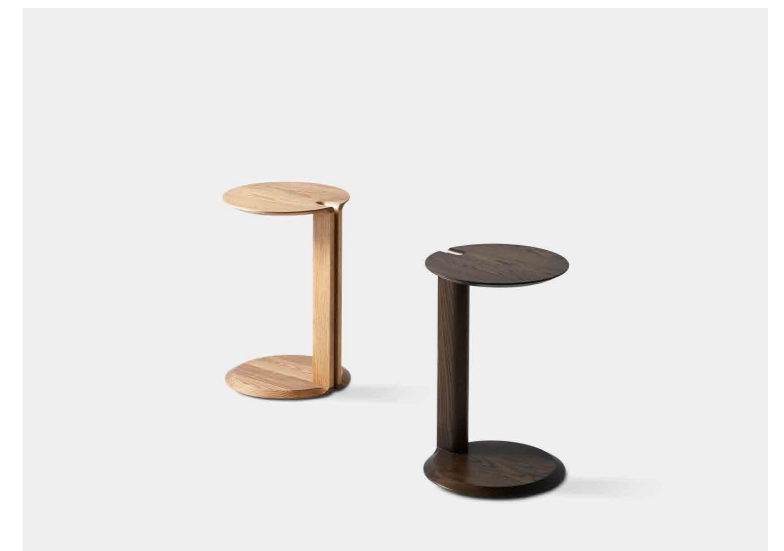

Pillar Table

Hedgerow

Control space and sound naturally. Create zones within your space by using this versatile and colourful acoustic divider. Inspired by nature and the change of seasons, the Hedgerow is available in red, green or blue colourways.

Hedgerow

A biophilic way to control flow and create zones within your space, this versatile and colourful acoustic divider is inspired by the use of shelterbelts in agriculture to provide protection from the elements. Made from layers of felt leaves arranged in smooth ombré colourways, the Hedgerow creates a private, self-controlled area where employees can comfortably work distraction-free.
